Logan Youth Connections
Youth and Family Service (Logan) Inc.
376 Kingston Road
Woodridge Qld 4114

8 March 2002

To Whom It May Concern

Huia Hikaiti from "House of H" has been providing services to clients of Logan Youth Connections since July 2001. These services have included the development of individual and group training programs tailored to the needs of young people who have intellectual / sensory / physical disabilities, the facilitation of group training sessions and the evaluation of individual progress, group participation and program content.

In the development of the group training programs, Huia has conducted individual assessments with the participants to ascertain existing knowledge of computers, individual competencies, relating to literacy, numeracy, developmental abilities, interests and goals of the young people. These factors have been addressed in the program design and development ensuring that the content is tailored to the specific needs of the young people involved to attain maximum learning.

Huia has facilitated the sessions on a weekly basis to groups varying in size two to nine young people. Huia has demonstrated through out this time a patient, understanding and flexible approach to group facilitation and the ability to readily adapt to circumstances and situations as they arise. Huia has proven herself to be very reliable.

Huia's ability to provide services in a manner that instils confidence in the young people as well as facilitating the achievement of learning outcomes has been a huge asset to quality of the computer program offered through Logan Youth Connections. Logan Youth Connections would like to thank Huia for her commitment to providing quality services, her reliability in providing these services and looks forward her ongoing participation in the LYC computer program.

Yours truly,

Jo Amey
Disability Services Group Activity Worker.
